

MAKE A DONATION

Over the last 9 years, the Foundation has been instrumental in providing religious guidance to our communities in the Yorkshire region allowing children and adults to access traditional learning in the English language. One of the unique features of our work has been bringing traditionally trained scholars to our communities on a full-time basis.

Please donate to this unique project and help us to continue this work. Abu Zahra is an independent organisation which relies on generous contributions from people like you.

You can assist by making a lump sum payment or setting up a standing order yourself and encouraging friends and family to do the same.
